Packing and Transport

Please follow these guidelines when preparing to drop off HHW at the event:

- Materials must be packaged in sturdy, non-leaking containers no larger than 5 gallons.
- Original containers are recommended.
- Small, leaking containers can be individually placed in ziploc bags. Larger, containers should be placed in separate, covered, and non-leaking containers for transport.
- Five gallon plastic buckets are available at most hardware stores and make good transporting containers.
- State regulations limit the transportation of HHW to 15 gallons or 125 pounds per vehicle per visit. Individual containers are limited to a 5 gallon capacity.
